Staff Wellbeing Policy

This policy has been developed through a process of consultation with the relevant Recognised Trade Unions and due to the complexities of this area of employment and education law, the Local Authority expects all Governing Bodies of Community and Voluntary Controlled schools to adopt this policy without amendment.

Should, exceptionally, a Governing Body seek to amend this recommended document or adopt an alternative procedure, the Governing Body must undertake formal consultation collectively with the Secretaries of the Recognised Trade Unions and confirm any amendments with the Local Authority via Haringey Schools HR

The Governing Body of St Aidan's VC Primary School adopted this policy on:

1. Policy Statement

The Governing Body wants to ensure that staff are supported and encouraged to develop personally and professionally. We recognise that staff are our most important resource and we seek to value our staff through personal and professional support, involvement in school decisions and access to professional development.

As an employer, we have a duty to ensure the health, safety and welfare of employees as far as reasonably practicable. It is also required to have in place measures to mitigate as far as practicable factors that could harm employees' physical and mental wellbeing, which includes work-related stress. This duty extends only to those factors which are work-related and within the School's control.

This policy accepts the Health and Safety Executive definition of work-related stress as "the adverse reaction a person has to excessive pressure or other types of demand placed on them". There is an important distinction between 'reasonable pressures' which stimulate and motivate and 'stress' where an individual feels they are unable to cope with excessive pressures or demands placed upon them.

This policy recognises that there are many sources of work-related stress and that stress can result from the actions or behaviours of managers, employees or students.

We are committed to making sure that this Staff Wellbeing Policy is implemented so that each individual is able to cope successfully with the demands in their lives, whatever the cause of stress within a "no-blame" environment.

The purpose of this policy is to maintain a school ethos which supports staff health and wellbeing by making sure that all employees are treated fairly and consistently.

This policy applies to all employees working at St Aidan's. The School's performance on wellbeing and stress management will be assessed in the context of the HSE Management Standards.
