

We recycle with Terracycle!

St Aidan's PSA has teamed up with Terracycle, an innovative recycling company for typically hard-to-recycle waste.

From the 16th November 2020 we will be starting with four recycling programmes, open to anyone in the public to contribute.

The big Terracycle bin will be outside the school entrance at drop-off and pick-up (term time only) Please ensure your items are clean and include only accepted items as illustrated below.

Once we have collected enough waste it will be sorted, weighed and sent to Terracycle. The waste is recycled and we are credited with points to redeem as a donation to the school PSA.

Further information on our recycling programme will be posted on the school PSA noticeboards, through the St Aidan's VC Primary PSA Facebook group and can be found online at

www.terracycle.co.uk
