Attendance

As parents/carers it is your legal responsibility to ensure that your child attends school regularly and on time.

By attending school every day your child can:

- take part in lessons, access learning and reach their full potential
- be involved in all aspects of school life
- enjoy a structured routine
- make friends and develop social skills
- feel part of the school community
- learn to value and understand the importance of education
- be better prepared for secondary school

What happens if your child is not at school:

- Valuable learning time is lost
- Absence is monitored by the attendance officer and the Educational Welfare Officer
- Persistent absence is highlighted and parents are called in to school for a meeting to support attendance to improve
- If attendance does not improve a referral is made to the Educational Welfare officer which may result in a fine

Attendance Matters

Homework

- Children should read at home every day and this should be recorded in their reading records.
- We kindly ask parents to check and sign their child's reading record each week. This enables your child to know that we all value their education and encourage them to foster a love for reading.
- Children will also receive weekly spellings to practise at home.
- Times Tables Rock stars.
